BROOKLYN CITY & BUSINESS DIRECTORY

NEW YORK

Patent Carpet Renovating Co.

OFFICE,

117 COURT STREET,

Bet. State and Schermerhorn Sts.

Carpets cleaned without removing them from the floor, and the colors restored to their original beauty and brightness; and it is an actual preventive from moth and vermin. Dirt, grease and coal smoke that has hardened the wool and defaced the colors, which the old system of carpet cleaning cannot remove, can by our process be thoroughly cleaned, so that the carpets will be as free from dust and dirt as when delivered from the manufacturers.

N. B.—Carpets called for if desired, and renovated at our loft, and returned to any part of the city free of charge.

Parties wishing to move, or to make repairs, can have their Carpets called for and renovated at our loft, and returned to any part of the city.

Carpets also cleaned by the old system, beating carefully by hand, or by the Steam process, as parties prefer.

Carpets taken on Storage. Insurance effected.

A. P. STEVENS & CO.,

Proprietors.

No housekeeper should be without a bottle of our PATENT COMPOUND, FOR REMOVING DIRT AND GREASE SPOTS FROM CARPETS, FURNITURE, AND ALL WOOLEN GOODS.

W. W. TUPPER & CO'S Grate Bars for every description of Steam Boilers.

The following is one of the many Testimonials of the merits of these superior Grates, now in use in 10,000 different furnaces in the country:-

Office of the Staten Island Dye Works, 5 and 7 John St., New York.

W. W. Tupper & Co.:

Gentlemen—We have taken out eight sets of good straight bars, over three years ago, and put in your Patent Grates; they have saved us much coal, make steam easier, and are much cheaper to use—being now, to all appearance, as good as when put in. We shall soon want another set for a new boiler we are going to put in. We would not use any other grates we know of.

STREET AND AVENUE DIRECTORY

OF THE

CITY OF BROOKLYN.

COMPILED FROM THE OFFICIAL RECORDS

ADOPTED BY THE COMMON COUNCIL.

LAIN & CO., PUBLISHERS,

213 MONTAGUE,

Showing the commencement and termination of each Street, Avenue, Place, Lane, Court, etc., in the City, together with corner numbers of every intersecting street or avenue.

EXPLANATIONS.

If you desire to ascertain the location of any number—for instance No. 250 Nevins street—you will observe that No. 240 Nevins is on the corner of Douglass, right side, and No. 256 Nevins is on the corner of Degraw, hence the desired location of No. 250 Nevins street is between Douglass and Degraw, on the right side.

Or, suppose you wish to take a car for the purpose of reaching, as nearly as possible, No. 569 Willoughby avenue. The Street Directory shows (see Willoughby avenue) that No. 511 Willoughby avenue is on the corner of Marcy avenue, and No. 581 is corner of Tompkins avenue, both on the left side, so that to reach No. 569 Willoughby av., you will leave the car at either Tompkins avenue or Marcy avenue.

Even numbers will be found on the right side odd numbers on the left.

Even numbers will be found on the right side, odd numbers on the left.

A † placed in the right or left column denotes that the street or avenue does not extend to that side.

A — denotes that there is no number on the corner.

BROOKLYN STREET GUID

CONTAINS

ALPHABETICAL

STREETS, AVENUES, PLACES, ETC.,

Giving the commencement and termination of every Street and Avenue in the City, with every intersecting street, and the numbers on the right and left corner.

RAILROAD ROUT

EXPLANATION.

If you desire to ascertain the location of any number—for instance, No. 250 Nevins Street—you will observe that No. 240 Nevins is on the corner of Douglass, right side, and No. 256 Nevins is on the corner of Degraw; hence the desired location is between Douglass and Degraw, on the right side. Or, suppose you wish to take a car to reach, as nearly as possible, No. 569 Willoughby Avenue, The Street Guide shows that No. 511 is on the corner of Marcy Avenue, and No. 581 is corner of Tompkins Avenue; so that to reach No. 569 Willoughby Avenue, you will leave the car at either Tompkins or Marcy Avenue.

Shepard's Argand Base Burner Furnace.

Shepard's Argand Base Burner Furnace very completely consumes those volatile gases generated from coal, which in most furnaces constantly pass unconsumed to the chimney, with the consequent utter waste of fuel. It needs only to be seen under combustion, to assure the observer of this important fact. It is admitted, by those who have examined and have them in use, that it is the most complete adaptation of the real science of combustion to useful purposes, combining less waste of fuel with great economy. Three sizes for brick setting, and three in portable form.

IMPORTANT TO PRINTERS.

The Best Work! Great Economy!

BY THE USE OF

FRANCIS & LOUTREL'S

PATENT INKING ROLLERS

Rollers made from our Patent Composition always retain their suction, do not harden, shrink, or crack, and can be re-cast. The ink does not dry on them, consequently they do not require washing dally, like other rollers—thus saving ink, time and materials used in washing.

Send for a pamphlet, containing recommendations from some of the best Printers in the country.
